Ozone generator
BW03

- Converts cold water into an ecological disinfectant
- Ozone-enriched water disinfects, eliminates bacteria and neutralizes viruses, even in a cold water washing program
- Removes unpleasant odours, even the smell of mold or smoke

Automatic dosing kit
BW HYB-3P

- Automatic dosing kit with 3 pumps
- Quick and easy installation
- Dosage time adjustment from 1s to 20s

DURABILITY

LG professional devices give you superior durability and reliability thanks to **LG Inverter Direct Drive™** technology.

EFFICIENCY

WATER SAVING

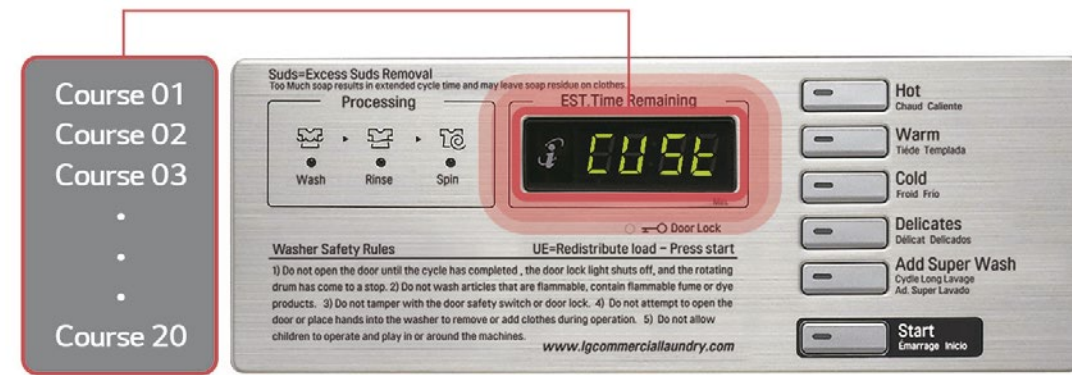

ENERGY SAVING

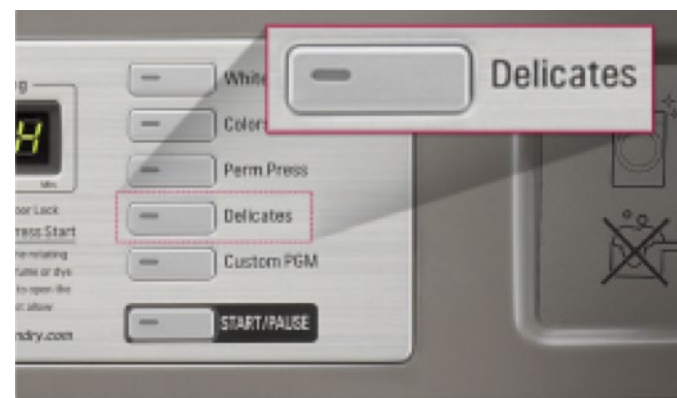

DETERGENT SAVING

LG professional washing machines are **ENERGY STAR** classified with the lowest water and electricity consumption compared to competing appliances of the same category.

CUSTOMIZABLE PROGRAMS

Users can **set up 20 of their programs** to optimize the washing process. Setting the temperature, water level, program duration and spin speed ensures economical and gentle washing of protective clothing.

USER-FRIENDLY APPLIANCES

The simple **intuitive interface** of LG professional devices makes it easy for users to quickly select different functions and programs

FLEXIBLE INSTALLATION

LG professional dryers can be installed on top of a washer or a dryer.

Simple installation on an existing network – appliances have a 220 V connection. **The machines are adaptable** to spaces. The washing machines have drainage pumps so they can be connected to existing installations.
