

Floor Marking and Hazard Identification Solutions

3M vinyl products that adhere on contact, resist wear and spills, and remove cleanly when you're ready.

When you want easy product solutions for marking, identifying, and color-coding, depend on 3M™ Vinyl Tapes for application simplicity and durability.

- 3M pressure sensitive rubber adhesive sticks on contact to just about any surface for fast application with no dripping, drying, or clean-up.
- Durable vinyl backing resists abrasion, scuffing, moisture, weathering, acids, and alkaline chemicals for long service life.

- Bright colors are locked into the vinyl for permanent high visibility. Select from nine colors or transparent to let underlying color show through.
- Flexible construction stretches and conforms to curved surfaces and around corners for a tight fit.
- When you're ready, 3M vinyl tapes peel up easily and leave no adhesive behind.

Application Ideas

- Marking lanes and corridors in factories, warehouses, and hospitals

- Marking hazardous or no-go areas
- Highlighting safety equipment locations protruding equipment, or low hanging objects
- Delineating playing areas and out-of-bounds in sports facilities
- Color-coding instruments, storage systems, and piping
- Decorative marking

3M™ Vinyl Tapes – cost-effective, high performance product solutions

Long term color retention over paint

Rugged abrasion resistance over paint and competitive tape

600 cycles with abrasive test wheel

100 cycles with abrasive test wheel

Fast, easy removal vs. paint

3M™ Vinyl Tapes peel up with no adhesive residue when you're ready to remove or remark an area. You have none of the solvents, scraping, time and mess of paint removal.

Easy surface prep and application

Surfaces should be smooth, dry, and free of oil, grease, waxes, dust, dirt, and grime. Use a cleaning solution that leaves no residue or wax on the surface. Rough or crumbly surfaces may need sanding or scraping to insure optimum tape contact. For layout, apply a chalk line as a guide. Tape can be rolled on by hand for small or tightly curved applications or with a 3M™ Applicator M-77 for more comfortable upright application over larger areas.

TECHNICAL, INFORMATION AND DATA: The technical information and data, recommendations, and other statements provided are based on tests or experience which 3M believes to be reliable, but the accuracy or completeness of such information is not guaranteed.

PRODUCT USE: Please remember that many factors can affect the use and performance of a 3M product in a particular application. The materials to be bonded with the product, the surface preparation of those materials, the product selected for use, the conditions in which the product is used, and the time and environmental conditions in which the product is expected to perform are among the many factors that can affect the use and performance of a 3M product. Given the variety of factors that can affect the use and performance of a 3M product, some of which are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application. **WARRANTY AND LIMITED REMEDY:** The 3M product will be free from defects in material and manufacture for a period of one (1) year from the date of manufacture. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR; MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's method of application. If the 3M product is defective within the warranty period stated above, your exclusive remedy and 3M's sole obligation shall be, at 3M's option, to replace or repair the 3M product or refund the purchase price of the 3M product. **LIMITATION OF LIABILITY:** Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including contract, warranty, negligence, or strict liability.
