

PRODUCTS CATALOGUE 2022

Donia brand is strongly linked with traditional delights, the multi-cultural roots of sweet products of the Balkans and the South-Eastern part of the Mediterranean area. Even the name “Donia” has ancient origins, meaning “wealth” and “source of life” in the old Arabic language.

Donia since ever produces traditional sweet delights like Lokum, Halva, Jelly and Bakehouse cookies respecting the very original recipe and using strictly natural ingredients.

Donia represents high-quality products, respect of the traditions, but also a modern approach on quality control in order to ensure the customer perfect and healthy standards. The secret of good taste is not only in the ingredients but also in the finesse of production. Times have changed, but passion, love, and attention in the process of production of Donia’s products remain the same to this day. We can proudly say that our masters are genuine specialists who are consistent with the tradition of producing a high-quality delight.
